 **PILOT**
POWER TO THE PEN!

OUR PENS
HELP POWER YOU
Forward

Pilot Corporation of America prides itself on being a leading manufacturer and marketer of exceptionally high-quality writing instruments.

Every writing instrument that we create is manufactured with an eye toward detail and passion for precision. Our goal is to power your writing, your ambition and your achievement. Our spirit of innovation has always focused on delivering what consumers want and need — an erasable pen that really works, precision writing instruments, creative tools and, of course, incredibly smooth-writing, long-lasting pens. With Pilot's pens, the power is in your hands.

¹Note: Erasable marker pens are not recommended for use on legal or official documents. Do not expose to extreme temperatures (<14°F; >140°F). If marker pen is exposed to temperature that reaches 140°F, the ink will be colorless when writing. To restore color, cool to at least 14°F in freezer and the ink will again write in color.

**Note: Erasable highlighters are not recommended for use on legal or official documents. Do not expose to extreme temperatures (<14°F; >140°F). If highlighter is exposed to temperature that reaches 140°F, the ink will be colorless when writing. To restore color, cool to at least 14°F in freezer and the ink will again write in color.*

A close-up photograph of a person's hands. The left hand is positioned on the fretboard of an acoustic guitar, while the right hand holds a green and black mechanical pencil, writing on a white notebook. The person is wearing a grey textured sweater and a gold watch. The background is softly blurred, showing a light-colored wall and a wooden chair.

MECHANICAL PENCILS

58 G2

G2

MECHANICAL PENCIL

- Enjoy classic Black or a pop of color on your favorite mechanical pencil with fresh, bright colors featured on the grip and clip
- Contoured rubber grip designed for writing comfort
- Super-strong #2 HB lead resists breakage
- Companion for the **G2** premium gel roller
- Refillable
