

**NEESE**<sup>TM</sup>  
A RADIAN'S COMPANY

RAINWEAR • FR WORKWEAR • PUBLIC SAFETY

# Neese—Protecting What Matters Most™

**F**or almost 60 years, Neese Industries has provided the global workforce and consumers with high quality protective rainwear and flame resistant clothing.

Our tagline “Protecting What Matters Most” are words from the heart and play an integral part in our mission statement and in the daily activities of our 200+ employees and authorized distributors.

What started as humble beginnings of laundering gloves for refinery operators along the Mississippi River has turned into a flourishing safety company with thousands of products that keep you protected, comfortable, and compliant.

And now that Neese is part of the Radians® portfolio of safety brands, our combined resources and strength will help pave the way to a safer tomorrow.

# Radians—Leading the way to a Safer Tomorrow

Founded in Memphis in 1998, Radians® has become a leader in the Personal Protective Equipment (PPE) business. The company began their journey with the introduction of a single item that innovatively combined hearing and eye protection into one device. Coupled with continuous new product development, strategic acquisitions, world-class customer service, and investments in automation and facilities, Radians has emerged as a top-tier global leader in the industrial, safety, construction, and retail markets.

Radians, an ISO 9001:2008 registered company, is proud of their reputation as a company that focuses on people, product, and productive processes and policies. The company offers more than 110 styles of eyewear, electronic and passive hearing protection, hand protection, high-visibility apparel, rainwear, FR workwear, cooling/warming products, heated jackets, eyewash stations, and accessories.

The Radians portfolio of brands includes DEWALT®, Crossfire®, RadWear®, Arctic RadWear®, Nordic Blaze™, VisionAid™, Bellingham Glove, Neese Industries, and gloves made with Dyneema® fiber.

# Flame Resistant Protective Wear for Hazardous Work Environments

Select garments made with:

## FR High Visibility

At Neese we try and listen closely to the needs of our customers. Often times a standard off the shelf coverall isn't enough to meet the dangerous environments of your workplace. Don't worry, Neese has you covered here as well.

### FR HIGH VISIBILITY COVERALLS

Garment Fabric and Components are NFPA 2112 Certified and Listed by UL.

- Inherently FR Modacrylic Fabric
- 2" Silver Reflective Tape
- D-Ring Access Port On Upper Back
- Seven Double Stitched Pockets: (2 Chest, 2 Rear, 2 Hip, 1 Tool)
- Elastic Waist
- Nomex® IIIA Zipper Front & Lower Leg Closures
- Non-Sparking Covered Snaps
- Bar Tacked Stress Points
- One-Piece Action Back Design

VM7CA3FY ATPV = 8.6 cal/cm2 (HRC 2)

Part No.	Description
VM7CA3FY	ATPV = 8.6 cal/cm2 (CAT 2)

Available sizes: small – 6x  
Colors Available: Hi-Viz Lime

## FR Coveralls

These FR Coveralls are designed for the wearer's comfort, workplace utility, and reliable protection from FR Hazards. All NeeseWearFR coveralls meet or exceed NFPA 70E, NFPA 2112 and ASTM F1506 for Arc Thermal Performance.

### NeeseWearFR Coveralls

- Leaf collar
- Double-stitched pockets (2 chest, 2 rear, 2 hip, 1 tool)
- Wide elastic waist
- FR zipper front closure
- Non-sparking covered snaps
- Bar tacked stress points
- Action-back design

Stock Colors: Navy, Grey, Khaki & Royal

Special Order Colors: Orange, Green & Red

Part No.	Description
VI7CA	Indura 7 oz Cotton FR fabric - (CAT 2) - 8 Cal/CM2
VI9CA	Indura 9 oz Cotton FR fabric - (CAT 2) - 11.5 Cal/CM2
VU7CA	Ultra-Soft 88% Cotton/12% Nylon - (CAT 2) - 8.5 Cal/CM2
VN4CA	Nomex 4.5 oz - (CAT 1) - 4.6 Cal/CM2
VN6CA	Nomex 6 oz - (CAT 1) - 5.8 Cal/CM2

## FR Extrication Coverall

This unique coverall is made with the First Responder in mind. The NeeseWearFR extrication coverall meets or Exceeds NFPA 70E & NFPA 2112 ASTM F1506

### FLAME RESISTANT EXTRICATION COVERALL

- 2" Lime-Yellow/Silver Tape (Upper Arms, Lower Legs, & Upper Back)
- Stand-Up Protective Collar with Neck Closure
- One-Piece Action Back Design with Elastic Waist
- FR Zipper Front & Lower Zipper Leg Closures
- Front Hook & Loop Flap Closure
- 9" Radio Pocket with Flap & Microphone Tab
- Right Breast Pocket with Flap Closure
- Pen & Mini Flashlight Pocket on Upper Left Sleeve
- Multi-Cargo "5 in 1" Pocket on Right Leg
- Slant-Cargo Pocket on Left Leg
- Two Waist Side Pockets with Pass-Through
- Two Rear Patch Pockets with Flap Closure
- Take-Up Tabs on Wrists, Waist, & Leg Cuffs
- Utility Glove Strap on Waist
- Reinforced Elbow & Knee Stress Points
- Non-Sparking Covered Snaps
- Bar Tacked Stress Points for Durability

AVAILABLE SIZES: Small-6X

AVAILABLE COLOR: Navy or Royal Blue

VI9CAE	Indura 9 oz Cotton FR fabric - (CAT 2) - 11.5Cal/CM2
VN4CAE	Nomex 4.5 oz - (CAT 1) - 4.6 Cal/CM2
VU7CAE	Ultra-Soft 88% Cotton/12% Nylon - (CAT 2) - 8.5 Cal/CM2

## FR WORK SHIRTS

- Classic tapered styling with an ease pleat back
- Breast pockets, button down collar, tapered sleeves, and adjustable cuffs
- Garment Fabric and Components  
NFPA 2112 Certified and Listed by UL

Available Sizes: Small - 6XL

Stock Colors: Navy, Grey, Khaki & Royal

Special Order Colors: Orange, Green & Red

Part No.	Description
VI7SH	Indura 7 oz Cotton FR fabric - (CAT 2) - 8 Cal/CM2
VI9SH	Indura 9 oz Cotton FR fabric - (CAT 2) - 11.5 Cal/CM2
VU7SH	88% Cotton/12% Nylon - (CAT 2) - 8.5 Cal/CM2
VN4SH	Nomex 4 oz - (CAT 1) - 4.6 Cal/CM2
VN6SH	Nomex 6 oz - (CAT 1) - 5.8 Cal/CM2

## FR HENLEY SHIRTS

- Classic Henley Shirt Styling
- Raglan Sleeve Design
- Banded Collar
- Three Button Front Opening
- Tapered Sleeves
- Elastic Cuff Sleeves
- Straight Hemmed Bottom

Available in sizes: Small – 6X

Color available: Gray, Navy Blue & Khaki

Part No.	Description
VI6HS	6 oz 100% Cotton - (CAT 2) - 8.7 Cal/CM2

## FR HIGH VISIBILITY CLASS 3 SHIRT

- High Visibility Lime-Yellow Material
- Classic Work Shirt Styling
- Silver 2" 3M Segmented Reflective Tape
- Meets High Visibility ANSI/ISEA 107-2015 (Class 3)
- Button Down Collar & Ease Pleat Back
- Placket Front with Button-Up Front Closure
- Breast Pockets with Flap Closures
- Tapered Sleeves
- Sleeve Placket with Two Button Cuffs
- Bar Tacked Stress Points
- Rounded Tail & Hemmed Bottom

Available in sizes: Small – 6X

**CAT 2**

**NFPA 2112**

Part No.	Description
VI9VT	9 oz INDURA - ATPV=11.5 cal/cm2 (CAT 2)

# NEESE Arc

Industrial, utility, and various electrical and petrochem workers, operate every day in a work environment that exposes them to the potential hazards that could cause severe or fatal burn injuries. Literally in a flash, electric arc can cause everyday non-flame resistant work clothes to ignite and continue to burn even after the source of ignition has been removed. The very short duration and high energy of an electric arc flash presents a unique and dangerous hazard that requires specialized protection for the operator working in these environments.

NeeseArc Protective Rainwear is made of special protective materials made for withstanding varying levels of arc flash hazardous flame and heat exposure.

What happens in an arc flash? Arc flash effects can be characterized by a two step process. First a radiant burst of energy traveling at the speed of light impacts the subject at temperatures as high as 5,000 degrees Fahrenheit. In the second step an extremely strong shock wave, created by the arc blast and traveling at the speed of sound impacts the subject.

1. Clothing must not ignite and continue to burn.
2. Clothing must provide a good insulative value to the wearer in order to dissipate the heat transfer through the clothing to the skin.
3. Clothing must provide strong resistance to the break open forces generated by the shock wave of the arc flash.

Why not just standard off the shelf rainwear? That's a very common question. The common every-day work garments and rainwear that are made of basic non-flame resistant materials can be easily ignited during an arc flash exposure. The material will also continue to burn and will add more to the extent of resulting injury to the worker than from just the arc alone. The focus on protecting workers against arc exposures has necessitated the development and implementation of specialized garments that meet the requirements of quantitative testing procedures. NeeseArc Protective Rainwear is made of special protective materials that are tested and made for withstanding varying levels the arc flashes, hazardous flame and heat exposure.

NeeseArc protective rainwear meets ASTM F1891-02 and flame resistance specifications. One might ask, "well my rainwear says flame resistant on the tag"? Typical FR Rainwear melts in the flame exposure but is specially treated to suppress the flame. In the situation of a flash fire or arc flash this simple flame suppression fails and the resulting melting and dripping is not suppressed at all. The use of arc protective rainwear that meets ASTM F1891 eliminates the melting hazard and protects the worker.

Take a look at our entire family of arc flash and flash fire rainwear. At Neese we strive daily to help you and your team maintain the highest level of safety possible and comply with all applicable regulatory standards. Contact Neese or your local distributor with further questions or application needs.

# PETRO ARC SERIES

## Chemical Splash/Arc Flash/Flash Fire

The Petro Arc Series offers a unique protective wear solution for the many challenging environments of incidental chemical splash, flash fire, electrical arc flash, and harsh weather conditions. When the job calls for more than just your basic rain suit, the Petro Arc will provide the protection that you need to get the job done safely each time, every time.

Colors Available: Safety Orange

Available sizes: small – 6X

### 207 AJ

JACKET WITH TUCK-AWAY HOOD

- Neoprene on woven Nomex®
- Non-conductive zipper front closure
- Storm flap front with hook and loop closure
- Vented NOMEX® mesh back
- “D” ring access port
- 2” 3M™ Scotchlite™ reflective tape
- Outside patch pockets (2) with upper flap closures
- Take-up tabs on wrists

Part No.	Description
20207-00	NEOPRENE/NOMEX - CAT 2 - 13.3Cal/CM2

### 207 BT

BIB STYLE TROUSERS

- Neoprene on woven Nomex®
- Wide leg design with reinforced seams
- Take-up tabs on lower legs
- Elastic adjustable suspenders
- 2” 3M™ Scotchlite™ reflective tape

Part No.	Description
20207-12	NEOPRENE/NOMEX - CAT 2 - 13.3Cal/CM2

### Suggested Garment Applications

- Petrochemical Plants & Refineries
- Gas Companies
- Drilling Operations & Well Servicing
- Utilities Electrical Maintenance
- Incidental Chemical Splash

Petro Arc meets:

- ASTM F2733 = Flash Fire
  - ASTM F903 = Liquid Penetration
  - ASTM F1891 = Arc Flash Rated
- ATPV: 13.3 Cal/cm<sup>2</sup> (CAT 2)  
EBTAS: 40.8 Cal/cm<sup>2</sup>  
HAF: 80%

**3M Scotchlite™**  
Reflective Material

# FLEX ARC SERIES

## Arc Flash/Flash Fire/High Visibility

The NeeseArc FlexArc products are made from a unique polyurethane on a weft knitted FR treated cotton and designed especially for utility workers exposed to electrical arc hazard.

### 217 AJ

JACKET WITH TUCK-AWAY HOOD

SIZES: S, M, L, XL, 2X, 3X, 4X, 5X, 6X

- Polyurethane on FR cotton
- Non-conductive zipper front closure
- Storm flap front with hook and loop closure
- Vented NOMEX® mesh back
- “D” ring access port
- 2” 3M™ Scotchlite™ reflective tape (ANSI Class 3)
- Outside patch pockets (2) with up per flap closures
- Take-up tabs on wrists

Part No.	Description
21217-00	POLYURETHANE/FR COTTON

### 217 BT

BIB STYLE TROUSERS

SIZES: S, M, L, XL, 2X, 3X, 4X, 5X, 6X

- Polyurethane on FR cotton
- Wide leg design with reinforced seams
- Take-up tabs on lower legs with hook and loop
- Elastic adjustable suspenders
- 2” 3M™ Scotchlite™ reflective tape (ANSI Class E)

Part No.	Description
21217-12	POLYURETHANE/FR COTTON

Flex Arc meets:

- ASTM F2733 = Flash Fire
  - ASTM F1891 = Arc Flash Rated (CAT 2)
  - ANSI/ISEA 107-2015 = High Visibility
- ATPV: FL Yellow: 19.0 Cal/cm<sup>2</sup> FL Orange: 17.6 Cal/cm<sup>2</sup>  
EBTAS: FL Yellow: 33.2 Cal/cm<sup>2</sup> FL Orange: 31 Cal/cm<sup>2</sup>  
HAF: FL Yellow: 87.2 Cal/cm<sup>2</sup> FL Orange: 85 Cal/cm<sup>2</sup>

**3M Scotchlite™**  
Reflective Material

NeeseArcs original entry into Arc protective rainwear arena remains a great product for protecting workers from Arc hazards. Integrating PVC on Dupont Nomex brings workers Arc flash safety, hi visibility and waterproof protection.

## 227 AJ

JACKET WITH TUCK-AWAY HOOD

SIZES: S, M, L, XL, 2X, 3X, 4X, 5X, 6X

# NEESE Chem Shield

## Industrial Protective Wear for Incidental Chemical Splash

**Industrial Garments Tested in Accordance to ASTM F903:  
“Standard Test Method for Resistance of Materials Used in Protective Clothing to Penetration by Liquids”**

*Neeze Chem Shield Garments are made of special materials that are designed for wear and utility for protection and coverage for incidental chemical splash during specific work operations. These industrial protective wear garments offer excellent abrasion and tear resistance, as well as protection from liquid penetration or incidental chemical splash exposures.*

### UNIVERSAL 35 SERIES

The go-to suit when you need it all. That's why we call it the Universal. The PVC / Nylon / PVC material offers tough, lightweight protection which will not crack or peel in temperatures of -30°F to 120°F. The Universal 35 gives excellent abrasion, tear, and snag resistance. The material is also flame resistant and meets NFPA-701, is tested to ASTM D6413 and ASTM F903 for liquid penetration.

#### 35SC

COAT WITH SNAPS FOR HOOD

- PVC / Nylon / PVC
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Ribbed PVC on polyester
- Coat is a minimum of 48" long
- Non-conductive snap front closure with storm flap

PART NUMBER	SIZES
35001-31	S - 6XL

#### 35BTF

BIB TROUSERS WITH SAFETY FLY

- PVC / Nylon / PVC
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Bib front coverage
- Adjustable elastic suspenders
- Non-conductive snap closures that fastens suspenders onto garment
- Safety fly with snap closure

PART NUMBER	SIZES
35001-13	S - 6XL

#### 35AJ

JACKET WITH ATTACHED HOOD

- PVC / Nylon / PVC
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Snap front closure with Storm flap
- Attached hood with drawstring closure
- Raglan shoulder design for ease of movement

PART NUMBER	SIZES
35001-00	S - 6XL

OTHER UNIVERSAL 35 STYLES AVAILABLE:

- 35SJ Jacket with Snaps for Hood (35001-01)
- 35BT Bib Trousers (35001-12)
- 35AC Coat with Attached Hood (35001-30)
- 35P Detachable hood with snap (35001-42)
- 35HO Hood with Snaps (35001-60)

SUGGESTED GARMENT APPLICATIONS

- Public Works
- Sewer & Water Works
- Basic Industrial & Construction
- Agriculture

Colors Available: Yellow & Green

# MAGNUM 45 SERIES

The Neese Magnum 45 series is a medium weight yet heavy-duty nylon fabric coated with strong and flexible neoprene to provide maximum cold weather flexibility with a high resistance to abrasion.

## 45BTF

### TROUSERS WITH SAFETY FLY

- Neoprene on nylon
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Bib front coverage
- Adjustable elastic suspenders
- Non-conductive snap closures that fastens suspenders onto garment
- Safety fly with snap closure

PART NUMBER	SIZES
45001-13	S - 6XL

## 45AJ

### JACKET WITH ATTACHED HOOD

- Neoprene on nylon
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Snap front closure with storm flap
- Attached hood with drawstring closure
- Raglan Sleeve for ease of movement

PART NUMBER	SIZES
45001-00	S - 6XL

Flame Resistant: ASTM D6413  
Liquid Penetration: ASTM F903

### OTHER MAGNUM 45 STYLES AVAILABLE:

- 45SJ Jacket with Snaps for Hood (45001-01)
- 45BT Bib Trousers (45001-12)
- 45AC Coat with Attached Hood (45001-30)
- 45HO Hood with Snaps (45001-60)

### SUGGESTED GARMENT APPLICATIONS

- Industrial Wear
- Sewer & Water Works
- Pressure Wash Cleaning
- Sanitation
- Agriculture
- Mining Wear

Colors Available: Yellow and Green

The Neese Chem Shield 96 series is a heavyweight garment of 13 oz. PVC / Polyester that is coated on both sides. It is ideal for wear in situations that require protection from incidental chemical splash and contact. Tested to ASTM D6413: Flame Resistance and ASTM F903: Resistance To Penetration By Liquids\*

96ACA

## 96ACA

COVERALL WITH ATTACHED HOOD

- PVC on polyester
- Tested to ASTM D6413
- Liquid Penetration (ASTM F903)
- Coverall style for full body coverage
- Storm flap with snap front
- Zipper Front

# NEESE RainWear

Keeping workers, public safety professionals, and recreationalists dry and safe is what we do best at NeeSe. For over 50 years the dedicated employees at NeeSe have been crafting rainwear that meets the needs of our customers. With careful attention to detail and using the finest materials we make every garment like we would be using it ourselves.

At NeeSe helping you find the right rainwear for your application is all part of what we do. Our team of field sales representative works closely with our distributor partners and our product end user constantly to identify modifications and updates that meet the demanding needs of our customers. With the majority of our products being manufactured in North America, we can customize products to fit your job or need, it's what we do.

In the following pages we believe you will find the most comprehensive protective clothing and rainwear offering available in the market today. Whether you are a recreationalist, an industrial worker, agriculture professional, public safety hero or one of countless other occupations the team at NeeSe has you covered when the job and nature make your days tough.

## SANI LIGHT 77 SERIES

These Sani Light 77 garments are made of special vinylized PVC on nylon fabric that has a comfortable lightweight appeal and yet maintains its reliable durability for tough jobs. It is ideal for warm weather, sanitation or industrial operations where lightweight protection is required.

### 77J/77SJ

#### RAIN JACKET

# NEESEVIZ

If how you work or live requires 'the need to be seen' in high-visibility rain and safety wear then the NeeseViz line is for you! Traffic zones, work zones, and operations around heavy equipment and recreation when away from work often requires that special precautions and considerations be taken. The NeeseViz line features basic visibility wear as well as specialized ANSI Class 2 and Class 3 approved rainwear, jackets, vests, and coveralls in fluorescent lime and orange. When you need to be seen, use NeeseViz for your safety and performance wear requirements.

## **The Need to Be Seen**

Outdoor working environments create serious potential dangers and hazards to contend with. Vehicle hazards such as fast moving cars and trucks often speed past, often within inches of workers. Drivers that are distracted, impatient, or impaired often provide a great risk to workers, public safety professionals and recreationists. Noise and focused tasks often make it difficult for workers to hear or notice approaching vehicles and equipment. Work or play when done at night or when light levels are low at dawn, dusk, and during inclement weather provide additional visibility and safety risks.

The use of high-visibility apparel serves as a first line of defense to protect workers. The United States Occupational Safety and Health Administration (OSHA) recognize the value of high visibility apparel to protect workers. OSHA requires employers to outfit employees with "reflectorized and highly visible materials to enhance worker safety." Also, the U.S. Department of Transportation's Manual of Uniform Traffic Control Devices specifies high-visibility clothing for flaggers, law enforcement officers, firefighters and others involved in managing work-zone traffic.

# TELCOM 9002

The Neese Viz Telcom series is designed for comfort and safety in any environment; the Telcom 9000 series is lightweight, durable, and 100% waterproof. Made from polyurethane on nylon material it is an ideal garment for the worker who needs tough but lightweight rainwear with high visibility features. Telcom 9002 garments meet ANSI/ISEA 107-2004 Class 3 and is tested to ASTM D6413.

523 Breathable Series, Waterproof, windproof, breathable fabric offers longer lasting comfort & superior dryness. Unlike many other waterproof breathable materials available today, 523 Breathable Series has no pores that can clog. 523 Breathable Series utilizes a hi-tech, non-porous membrane, which propels outside moisture and vaporizes perspiration through absorption/diffusion.

## 523AJ

POST OFFICE

# NEESEPOSTAL

**“Neither Rain nor Sleet.....”**

At Neese we take pride doing our part to protect USPS workers. In 1989 Neese Industries began manufacturing rainwear specifically for the United States Postal Service. As one of a small group of companies approved to service the USPS Neese is proud to offer a full array of garments that are certified by the United States Navy Clothing and Textile Research Facility (NCTRF). The government certified postal rainwear from Neese Industries offers the comfort, special design features, and quality construction that postal workers need for harsh weather environments.

The Neese Public Safety line has expanded to also include our Deluxe Officers Series, which is available in various colors and configurations to suit your personal and department needs. The Deluxe 474 Series includes coats, jackets, and trousers that meet ASTM D6413 requirement for flame resistance and are made from Polyurethane coated Nylon fabric. The Neese Public Safety Deluxe Officer series is lightweight yet strong and durable. The lightweight nature of the 474 garments make them more comfortable and easy to stow or pack.
